Real Life Learning at QE II PS

We are delighted to be working in partnership with ABP Food Group and the Aberdeen Angus Society to deliver our next World Around Us topic for P5-P7 pupils in Term 3.

The project will begin with a visit to a local farm (Wednesday 10th April). Here the pupils will have the opportunity to feed calves, learn about the importance of nutrition and the role of health and safety on the farm.

Day 2 (Wednesday 17th April) will entail a visit to the ABP factory in Dungannon. Here the pupils will have the opportunity to learn about the journey of an animal as it travels through the factory and learn about the range of job roles within the ABP factory setting.

Please complete the attached permission slip if you allow your child to attend.
